Miscellaneous Business

There was a discussion about the acceptability of flying over the pits and behind the parking area during the vintage event. It was concluded that while controlling some vintage aircraft may be more difficult, every effort should be made to fly in the designated safety zone that we normally adhere to.

It was noted that the recommendation to park facing the runway is not necessary.

It is still recommended that we park this way when staying after dark

New Members

There were no probationary members present to be voted for full membership.

We welcomed back Jack Douglas as a probationary member. Jack will be sponsored by Ray Crowley.

Dick Plyler noted that Rich Kline wishes to re-join the club, but is unable to make our meetings. We will have Rich meet with the executive committee as an alternative to meeting attendance before presenting a vote for probationary membership.
