

# Cloud Kings

Minutes from meeting held on 06/10/08

Henry Bohe called the meeting to order at 7:31 pm.

## Treasurer's Report

Balance in the checkbook is \$9,542.93 including the Legal Fund.

### Expenditures

\$240.00 for Porta Potties (April May June)

\$155.00 DCCC food handlers course

\$231.00 Field Rental

\$89.57 food and misc. for tail gate sale

\$330.00 Field Mowing

Did an online payment for field rolling and driveway stone. Even though the billing information was entered the transaction apparently never executed. Since they never went through I (John Anderson) have no record of what they should be (at home I have them). So we owe about \$500 for both. The problem will be reconciled.

### Deposits

\$65.00 Dues

\$200.00 proceeds from tailgate sale

## Secretary

63 counted members 70 total.

## Old Business

### Field Committee

No report

### Bylaws Committee

Tom Lauletta submitted before the meeting to all members, the suggested changes to the Bylaws from his committee. Due to the low number of members present at the meeting, only sections 1-3 were reviewed and discussed.

Discussions will continue at the next meeting and hopefully will be voted upon before the October meeting

### Boot Camp

Cecil reported that there were 2 students at the boot camp. He enjoyed it greatly. He feels there should be more than once a year. He got a lot form it and he feels he can now fly.

## New Business

### Provisional Members

Jim Davenport signed on as a provisional member. Alvin Johnson will be his sponsor.

### New Members

The following prospective members were voted to full membership status

Ralph McCafferty

Pat DiJoseph

### Field Marshall

2 frequency pins are missing

Buckets of sand are needed at Harris field for the fly-in in case there is a Li-Poly battery fire

Safety Officer

50/50

#### Events

Our annual Fun Fly will be held on June 28 (rain date June 29) at Harris Field. All sound restrictions will be lifted. Mark Mc Quaide is organizing the event. Tom Lauletta has been certified as a food handler and is in the process of obtaining permits for the food concessions. Some ideas are contests, jet demonstration, 3-D demonstration and possibly some full-scale planes. Lots of help will be needed. Contact Mark McQuaide to volunteer to help.

The club picnic is scheduled for September 6 at West Field. Noise restrictions will be lifted. Pete Jones is organizing this event. Hamburgers, hot dogs, drinks and condiments are by the club. Members are to bring a covered dish. This is an all day affair. Pete is thinking of some events to have.

October Fest Vintage R/C is in the planning. Tom Lauletta will coordinate with Mike Denest as to club responsibilities.

Christmas Dinner will be on December 6<sup>th</sup> or 13<sup>th</sup>. Dick Plyler and Marion Jones are making the arrangements.

#### Flight Instruction

#### Airplane Talk

Bob Fling brought two planes. The first one he changed from about a 50" wingspan to approximately 80". The other plane might be a Brooklyn Dodger

Pete brought a 50 size Helicopter (T-Rex 600?). It has a 6s Lipo battery. He gets about 12 minutes of flight from a full charge on the battery. The helicopter has a 53" rotor span. It flies real well and weighs 6-1/2 pounds. It is lots of fun to fly.

Louis Kinney

Louis talked about the rebuilding of Henry Belfiore's Tribute. He rebuilt it with plywood on both sides of the profile fuselage. He used Gorilla Glue. He is very impressed with this adhesive. The plane flies as good as new with only a small weight gain with the repairs.

Next Meeting

July 8, 2008 7:30 p. m. at West Field

Respectfully Submitted by

Tom Lauletta

Secretary
