## Flyin' In The Rain

### ***President's Corner***

Although this rain is great for the lawns, it certainly puts a crimp in our ability to get some decent flying done. It is already June and not many members have done much in the way of flying so far this year. In spite of this crummy weather the fields are in fairly good shape and ready to go. The "Port-A-Potty" will be in place in June also!

This year will be fairly low-key with two Club Fun Fly Picnics like we had last year. The first is scheduled for June 21<sup>st</sup> and the other is scheduled for September 7<sup>th</sup>. This type of event has had more support and participation than any other event we have done in the past. We will have some simple competitions and a lot of free flying time. The club will furnish hamburgers & hotdogs, with attending members bringing a covered dish and whatever you want to drink. Be sure to attend the June 10<sup>th</sup> meeting at West Field to get more details.

We continue to accept new members into our club with the promise to teach them to fly. This can be a tall order unless there is a cadre of senior members that are willing and able to share in delivering on this promise. We really need you to step up and share your expertise with these new members. It is really a good feeling to have a student solo and become a proficient flyer! Let Henry Bohe know that you are willing to help. This means a lot toward the success of our club and its growth.

I am preparing to move to a new and smaller home this summer. This includes downsizing my RC stuff also. Check with me if you're looking for something in particular, as I may have it for sale.

Hopefully the weather will give us all a break and we will get some good flying in soon. I hope to see you at the field and at our June meeting.

See you there.

*Dick Plyler*

### **June Meeting**

***Our next meeting will be held on Tuesday, June 10<sup>th</sup> at 7:30 PM at West Field***

Please plan to attend as we will be planning for the June picnic.

For even more fun, come early and bring an aircraft for some flying before the meeting.

### **Membership News**

At our April meeting, the club voted Gabe Hagy and John Heckman as new club members. We also welcomed Robert Close and Louis Kinney as prospective members and Alex Miriello as a prospective junior member.

## Changes to the Club By-Laws

The following changes to the bylaws were approved by majority vote at the April meeting:

### **Membership:**

1. *Proposal to increase the membership cap to 75 members.*
2. *Proposal to define a junior member as any member under 18 years of age.*

These changes are now reflected in the online copy of the club bylaws. If you would like a paper copy, please contact the club secretary.
