## Picnic Success

### ***Picnic News***

Our September club picnic and fun fly was a great success! At least 16 members attended, as well as many family members.

There was plenty of food and the weather was just perfect for flying. We had plenty of flying action, with no serious crashes to any aircraft.

Thanks to everyone who worked to make this event a success, and especially to Henry Bohe for organizing the event and for working the grill.

The candy-drop was a success in spite of some difficulty flying with the additional 2+ pounds of added weight. Everyone had a great time.

Some representative photos are included in this newsletter.

### **October Meeting**

***Our next meeting will be held on Tuesday, October 14<sup>th</sup> at 7:30 PM at the West Grove Fire Hall.***

Please plan to attend.

### **Membership News**

Welcome to our newest Junior member, Andy Warnock, who was voted into the club at our August meeting.

We also welcomed a number of new prospective members: Daniel Brooks, Samuel Daemer, Jeff Hoopes, and Jeff Wasylyk as well as a new prospective junior member James Moore.

The August 30<sup>th</sup> version of the club roster is included with this mailing of “*Prop Kicks*”.

### **Cloud Kings at Mushroom Festival**

The Cloud Kings were represented at the Kennett Square Mushroom Festival on Sunday, September 7<sup>th</sup>. The club secretary and president attended a demonstration of electric park flyers and R/C helicopters.

Despite a small field bordered with power lines and a very hungry tree, our resident Heli pilot amazed the crowd by performing daring stunts with his Concept 32VR heli. Other local clubs participated with both electrics and helis.

In all, it was a very positive event for radio control enthusiasts.
