PRESIDENT'S CORNER

Now that the In-door Flying is coming to a close for this year we hope to procure the school gym for next years winter flying. It was a very successful activity for our club which netted over \$ 500.00 for the school from our donations.

With the scheduling of our usual club activities and the addition of some new ones it is shaping up to be a busy flying season for the Cloud Kings RC Club.

Bill Losey and Ray Crowley are planning to have the field rolled and the drive-way touched up as soon as the weather breaks.

So get those winter building projects off your work benches, charge up your batterys, tune up your engines and lets go flying.

VALENTINE'S DAY LUNCHEON cont'd

Can you identify this aircraft?

There were many great aircraft designs that came out of WWII and there were many that never quite made it into production. If you know the manufacture and model I.D. of this plane please submit your entry to Prop Kicks by May 15th. Winning entries will receive a free 1 year subscription to Prop Kicks. Answer will be published in the June-July issue.
